: Mobile? No, Call of Duty: Mobile does

of emulators. Because you're not installing CoD's malware

and they're a crappy company. Also got banned; today using BlueStack

s 5 after match, and that will be my second time.

39;t release any official emulators, but it is legal to play this ga

me on PC using emulators like GameLoop. Therefore; you wil

I not get banned using GameLoop, and some players get banned because of the anti

-cheat system, not because of; using emulators.
